Bold Proclamation from Owners of the Fast Colt G. W. Johnson.

KIRSCH'S TIME QUESTIONED.

McCafferty's Coup on Estelle-Other Track Talk.

Owners of crack two-year-olds in this sec tion of the country will be very much interested in the defi that comes out of the West from the owners of that good two-year-old brother to Huron, G. W. Johnson. This coat won a six-furlong dash at Garfield Park yesterday, which enthused Messrs. J. M. Brown & Co. so much that immediately after the victory they proclaimed that they had the greatest two-year-old colt in the country. and that they were willing to match him for \$10,000 against any other two-year-old now in training. This is a bold proclamation. It may be that Messra J. M. Brown & Co. are standing pat on a four flush, but is there an owner in the East who has the nerve to call this bluff, if it may be so called. It is true that G. W. Johnson is a good colt, and that he has won his races with such extraordinary ease that so good a judge of horseflesh as Matt Byrnes was led to offer \$22,000 for him a few weeks ago. Can Sir Walter or Morello, or Don Alonzo, or any of the other good youngsters in the East take his measure. Here is a grand chance for the Eastern Association to furnish race-goers with The Garneld Park management offers \$10,000 added money for such a match, and surely the Kastern associations will not be out bil by this secondrate jockey club. G. W. Johnson will have to come East this Fall to meet his Futurity engagement at Sheepshead Bay. Why not try and arrange the match for the closing days at Monmouth Park?

The spectators at Monmouth Park yesterday gazed incredutously at the figures 1.38 which hung out after the third race to denote just run a mile down the straight. It was
